The Oasis, Rugby Health and Wellbeing Centre, Drovers Court CV21 3HX

Warwickshire County Council and Coventry and Rugby Clinical Commissioning Group are leading a review of the Mental Health Telephone Helpline and Webchat for Coventry and Warwickshire (the service is currently provided by Mental Health Matters).

As part of this review we want to hear from a wide range of people about what they feel is important about the service, including what is working well and what could be improved. This information will help us to review the service and help us to plan the best service in the future.

We also have Public Health attending to talk about how Social prescribing can provide opportunities for service users with a range of social, psychological and physical problems to access a wide range of local interventions and services which are provided by the voluntary and volunteer sectors and others.
