Recommendations

- The surgery makes patient notice boards less cluttered and easier to read, including having a specific notice board for the Patient Participation Group (PPG) so that patients are aware of the role of the PPG and have opportunity to review documents such as the minutes of meetings and results of surveys.

Surgery Response

Response by Jayne Brigg, Practice Manager.

- We have 10 minute GP appointments.
- We have urgent appointment slots after all surgeries.
- The receptionists do not carry out triage, but will obtain sufficient general detail to allow the booking of the correct nursing/GP medical student appointments.
