

We need your unused equipment!

Warwickshire is looking for any spare equipment that you may have in your home and no longer use. By returning this unwanted equipment you will be helping to ensure that this much needed equipment goes to those people who need it right now.

We are looking for specific items as below:

- Wheeled trollies
- Wheeled or mobile tables
- Perching stools
- Crutches
- Walking Frames (with or without wheels)

If you have any of the above equipment or are a key worker who knows someone who would like to donate, please either drop them off at your nearest fire station (**see below**) yourself or ask a family member or friend to do so.

The unused equipment can be dropped off at any Fire and Rescue service station in Warwickshire.

Important information to remember:

- These drop off points will be out-doors
- A friendly Fire fighter will show you where to place the items
- You will not have to book any appointments
- Please clean the equipment with an antibacterial cleaning product prior to drop off
- Please remember to maintain a safe distance from the member of the Fire and Rescue Service when dropping off equipment.

Large or multiple items for drop off

If you have multiple, or large items of equipment you wish to be returned e.g. hoists, beds or mattresses, you can arrange a date to have these collected from your home. Please contact **Millbrook Healthcare** on **0333 321 8986**.
